GRADUATE INSOLVENCY PROGRAMME: An Industry Initiative

The Graduate Insolvency Programme (GIP) is the first of its kind programme for those aspiring to take up the discipline of insolvency professional as a career or seeking to take up other roles in the value chain, in India and in foreign jurisdictions. A student who completes the GIP will be eligible for registration as insolvency professional under the Insolvency and Bankruptcy Code 2016, without having to wait to acquire the 10-year experience as required by the Code at present.

For those aspiring to become in-house counsels or serve as advisors to stakeholders in insolvency, liquidation, bankruptcy or turnaround process, the GIP will benefit at entry level and in career growth. The GIP will also be great value to those who elect to become insolvency or restructuring professionals or join academics or research in the field of insolvency.

An insolvency professional, serving as a licenced practitioner or in any other capacity, needs not only the domain knowledge but also a range of skills, multiple abilities and extra-ordinary qualities. It also needs a fair degree of appreciation of cultures, social and other factors surrounding an insolvency proceeding. An insolvency professional also has ethical and moral obligations. The GIP offers all that the market expects from a high-quality insolvency professional. A student can also start earning in the second year.

Recognised by the Insolvency and Bankruptcy Board of India and curated by a group comprising eminent economists, insolvency, financial, legal and other experts, GIP is designed to provide exposure to real-time situations and on-ground training. The programme offers opportunities to work with leading insolvency professionals and other stakeholders providing the graduates the skill and experience that will help them to take their career to the next level and increase marketability to employers.
The Insolvency and Bankruptcy Code, 2016 (Code) is a transformational law. It provides a market mechanism for time-bound resolution of insolvencies of corporate persons, partnership firms and individuals. Implementation of such a state-of-the-art insolvency law rests on the shoulders of the professionals, led by an insolvency professional, who steers the processes under the Code as well as guides the stakeholders for arriving at legally compliant and most efficient market outcomes.

An insolvency professional is a key institution of the insolvency regime. He is the beacon of hope for the person in financial distress and its stakeholders. He plays a key role in insolvency proceedings (resolution, liquidation and bankruptcy processes) of financially distressed persons (companies, limited liability partnerships, partnership and proprietorship firms and individuals) under the Code.

An individual is eligible for registration as an insolvency professional if he has ten years of post-membership experience as a Chartered Accountant, Company Secretary, Cost Accountant, or Advocate, or has 15 years of experience in management after bachelor’s degree. However, an individual, who has completed the Graduate Insolvency Programme (GIP) approved by the Insolvency and Bankruptcy Board of India, is also eligible for registration as an insolvency professional. This enables young and bright minds, having a professional qualification or master’s degree in specified subjects, but not having the required experience, to complete the GIP and become an insolvency professional.

The Insolvency and Bankruptcy Board of India has approved the GIP offered by the Indian Institute of Corporate Affairs. The first batch of GIP commenced on 1st July, 2019 with 37 students. On completion of the course work, these students are currently undergoing internship at cutting edge professional firms. The second batch commenced on 1st July, 2020 with 40 students. I am happy that the pass outs from top tier Institutes are enrolling for GIP. I am confident that pass outs of GIP would add tremendous value to the insolvency ecosystem and contribute to its further development.

MESSAGE

Over a period of time, the Indian Institute of Corporate Affairs (IICA) has evolved as a blended think tank engaging in policy research, training and academics. We offer a blend of educational excellence and real-world experience and for this we rely on our unique IICA way of learning, which marries excellence with impact. The Graduate Insolvency Program (GIP) is tailor made to empower learners to acquire 10 years of experience in 24 months of the programme. Naturally, the 12 month internship program is a key part of GIP. Moreover, the GIP contains preparatory, specialized and personality development course and participants work closely with insolvency professionals in class as well as during internships.

We look forward to welcoming young graduates to the GIP - one of its own kind in the world.

**VISION**

GIP INFRASTRUCTURE
India is in the process of establishing a robust insolvency framework with the enactment of Insolvency and Bankruptcy Code 2016. The Code has made rapid strides in short time and is one of the success stories of recent Indian economic reforms. A first in India, the Centre for Insolvency and Bankruptcy has been set up as an apex point of learning in insolvency through education and training by active stakeholder engagement and participation. The GIP is delivered through the Centre and its initiatives.

The Centre serves as an apex point of learning on insolvency and related areas, in association with the key stakeholders and institutions where in the Chairs are headed by eminent experts and thinker.

The Centre has taken following key research and initiatives in the period 2020-2021.

- “Regulatory Framework for Resolution of Financial Service Providers” funded research under CDM Scheme, Ministry of Corporate Affairs.
- "Assessment of Corporate Insolvency Resolution Process Timeline” funded under IBBI Research Initiative Scheme.
- Organized Friday Webinar Series with experts from 14 jurisdictions on "Impact of COVID on Insolvency Regimes across jurisdiction". The series drew great traction and led to high quality discussions.
- Policy inputs to government on Suggestions for strengthening Insolvency and Bankruptcy Code, 2016 and Informal restructuring for distressed firms.
- Established collaboration with the City of London to conduct deliberations with industry experts in the UK and India.

The Centre is headed by Dr. Neeti Shikha. Dr. Shikha holds over a decade of experience in researching and teaching in the area of corporate, commercial laws and insolvency laws.

After completing her LLM from University College London, UK, she did her PhD from National Law University Jodhpur. She has completed Law Teacher’s programme from UCL, London. She has been recipient of prestigious Hague Scholarship at the Hague Academy of International Laws.She has held academic positions at various law and business schools in India and Singapore and has given guest talks at the University of Indonesia, National University Singapore, Nanyang Technology University, Singapore. She serves on Academic Advisory Board of India School of Public policy and on board of advisors of India’s leading think tank, Centre for Civil Society, New Delhi. She has published widely in leading journals and newspapers and has authored two leading books on corporate governance. She champions liberal ideas and pro-market reforms.

Insolvency Research Foundation (IRF) has been established by IICA, in partnership with SIPI, an insolvency think tank, as an independent research centre to serve public good and help in robust policy making based on deep research.

IRF also aims to develop a community in pursuit of scholarship in the field of insolvency. It will seek to strengthen the interaction between government and academics in public policy making. Its activities will lead to emergence of a cadre of scholars and a robust network of academics, scholars and jurists in the area of insolvency.

IRF supports the Centre for Insolvency and Bankruptcy and feeds into the technical content of GIP. The foundation will gather support from the corporate houses for its research and other academic activities through the Corporate Social Responsibility wing of such houses. In past, it has conducted various conferences, workshops and symposiums on the themes of personal insolvency, fresh start process as well as cross disciplinary issues such as interface of tax laws with IBC.

The first of its kind in the world, IRF strives to complement India’s aspirations to climb up the Ease of Doing Business ranking.
Institutions of learning are defined by those who teach there. IICA has gathered the best minds in India and from other jurisdictions to deliver the GIP. Together these eminent scholars, judges, thought leaders, practitioners and experts will teach and share their knowledge, learnings and experiences with the GIP students.

#### RESIDENTIAL CLASS ROOM PROGRAMME

**Preparatory Phase**
The preparatory phase provides GIP students with a strong base of knowledge that will enable them to adapt to changing conditions including the dynamic insolvency and bankruptcy regime in India. Moreover, the students will be able to appreciate and apply the specialized courses in insolvency and bankruptcy that follow the Preparatory phase.

**Specialisation Phase**
The Specialization subjects would impart a deep understanding of the Code and its evolution, along with the legal framework within which insolvency professionals are required to operate. This will empower GIP students to “hit the ground running” for their internships. The IPs gain as much practical experience as possible and would make the students employable in any sphere of the insolvency ecosystem, and fulfill a key objective of the Code: 'producing a cadre of top-quality IPs who can deliver world-class services as resolution professionals, liquidators, or in other capacities...'

**Personality Development.**
The Personality Development phase focuses on developing all-round personality of the students. Some of the topics covered are, Leadership, Problem Solver: Data Analysis, Consensus Building and Negotiation, Communication / Writing Skills, Grooming / Persona / Gravitas, Thought Leadership, Emotional Intelligence, Self-Management, Time Management, Dealing with Stakeholders, Ethics and managing moral dilemmas and Assessment and readiness for internship.

LEARNING AND EXPERIENCES

Diksha Sharma | International Asset Reconstruction Company Private Limited

The best parts of my internship are the exposure to buy-side activities in the distressed ecosystem and opportunity to work with the firm’s core-investment team. This allows me to explore and learn with a completely different outlook. It helps me see, first-hand, why the market prefers IBC and the constant need to keep this economic law in-line with needs of the evolving market.

Sarthak Ohri | Deloitte

Interning at Deloitte has been an enriching experience. The organisation was well aware of our learning objectives which were reassessed every month to ensure that the training goes as per the schedule. I was part of two projects. In one project I got an opportunity to work with an Insolvency Professional and in the other project I worked with a resolution applicant.

Archit Gupta | Grant Thornton Restructuring Services LLP

Interning at firm like Grant Thornton, which is well established in insolvency space, has given me an exposure which is unparalleled in terms of A-Z of the corporate insolvency regime as sought to be established by the Insolvency and Bankruptcy Code. This exposure along with guidance by colleagues and seniors in the firm has immeasurably added to my learnings of the insolvency regime.

Rishika Raj | ASC Group

“My internship experience has been exhilarating. Working on live projects has improved my learning curve as well given me practical insights of the insolvency eco-system. The firm has constantly mentored in bridging the gap between the theoretical knowledge and practical experience. The work exposure has enhanced my knowledge in the insolvency domain.”

Kunal Phatangare | Duff and Phelps

“Interning at Duff and Phelps has been a great experience. The company has indeed afforded me the required all-round exposure to enter into the comprehensive insolvency ecosystem as a trained professional.”
