

National Capacity Building Programme : (12th Edition)

***“Procurement (Bidding Procedures based on GFR, GeM & E-Procurement)
and Contract Management: Challenges in Implementation”***

(Through - Intensive Webinar Series / Online Sessions)

Starts on 14th September, 2020 & ends on 26th September, 2020 (2 Weeks - 11 Webinars)

About Indian Institute of Corporate Affairs

Indian Institute of Corporate Affairs (www.iica.nic.in) is a 21st century unique world class institution established by the **Ministry of Corporate Affairs, Government of India**. Its aim is to provide holistic treatment of all issues that impact corporate functioning to help today's business and shape tomorrow's. **The Hon'ble Minister of State for Finance & Corporate Affairs is the President of IICA. Secretary, Ministry of Corporate Affairs is the Chairperson of the Board of Governors**, which has many eminent personalities. The state-of - the - art campus of IICA is located at IMT Manesar, Dist. Gurugram, Haryana.

The **Centre for MSME**, an integral part of **Indian Institute of Corporate Affairs (IICA)**, has been established to foster understanding of the regulatory framework, encourage innovative responses to business environments and focus on all other relevant issues affecting the MSMEs. It enables capacity building through training and interactions such as seminars and workshops, engages in documentation and research on MSMEs practices, encourages cluster development initiatives and uses its pivotal crosscutting position to create synergy among various facets of the MSME sector.

About the Training Program

Online Training: As our professional lives shift online, IICA is here to ensure your professional development is not interrupted. We are conducting virtual/online instructor-led courses to maximize your learning. You will experience interactive learning led by subject-matter experts to give you in depth knowledge of topics relevant to Procurement Procedures, Policies and Contract Management. Training details, schedule and costing is already mentioned in the detailed program outline.

Procurement has always been a vital function of the governments and large amounts are spent in public procurement by the Central & State governments, municipal and other local bodies, statutory corporations and State-Owned Enterprises (SOE) in India. The procurement of goods, works and services is very vast both in terms of variety & volume. Considering the size of the country, the number of procurement entities as well as products / service categories, the task is highly onerous and challenges are multifarious. These challenges need to be addressed.

In India, Public buying procedures and policy instructions are based on the **General Financial Rules (GFR)** of the Dept. of expenditure, Ministry of Finance, Government of India. The General Financial Rules have been amended in March 2017 and Rule 149 has also been introduced in this regard. These are a compendium of general provisions to be followed by all offices of Government of India while dealing with matters of the financial nature.

Procurement has become a specialized function in the era of globalization. The changing business environment calls for efficient, responsive and transparent purchase procedures. Today the world class organizations talk about the dedicated suppliers and emphasize on need of an efficient, transparent and effective supply chain management.

India spends up-to 20% of its GDP on Public Procurement, with some government departments earmarking as much as 50% of their annual budgets for such expenditure. In the manufacturing sector, the cost of material is sometimes up to 65% - 70% of the product cost and the quality of the finished product is heavily dependent upon the quality of material purchased, hence the impact of the procurement functions on cash flow & profitability is very high.

Sound Public Procurement policies and practices are among the essential elements of Good Governance, significantly impact the economy by generating demand and consumption, promote local industry and improve SMEs access to public procurement. Good practices reduce costs and produce timely results, poor practices lead to wastage of public funds and delays and are often the cause for allegations of corruption and inefficiency. The big question is "How to enhance efficiency & accountability becomes even more important.

Essentially, procurement means timely acquisition, purchase & delivery of goods, works and services at the best possible total cost of ownership to the customer. It includes estimate or indent preparation, tendering, contract management, catalogue management and auction and caters to procurement of all types – works, goods and services.

India is a large country and has a very large public institutions / bodies at national & state level besides PSUs and other autonomous organizations. **Public bodies are involved in construction of roads, canals, hospitals, bridges, schools, government buildings / offices etc. The procurement of goods vary for Defence, Railways, Health, Paramilitary forces etc. and the range are enormous.**

E-Procurement

E-procurement increases transparency as well as competition, simplifies and speeds up tendering process, eliminates human error, helps in seamless sharing of information, provides ease of operation and leads to quicker decision. It also facilitates pre and post contract management.

Adoption of Government e-Marketplace (GeM) in Procurement

GeM - Government e-Marketplace is the national portal to make public procurement transparent & simple. Conceived by Government of India, GeM is an end-to-end e-commerce platform for procurement of goods & services by Government organizations. GeM offers all modes of procurement (direct purchase, L1, bid & reverse auction) in a paperless and cashless manner. The GeM portal is currently being used by almost all departments/ organizations of Central and State Governments as mandated mandatory by the Government of India.

Key Stakeholders of GeM

Buyers

- Central Govt.
- Central PSUs
- State Govt.
- State PSUs
- Autonomous Bodies

Sellers

- OEMs
- MSE
- Startup
- Authorized Resellers
- Service Providers

With the Central Government Ministries and undertakings buying goods & services of at least Rs.5 lacs to Rs 7 Lacs crore worth of every year, **the big question is "How to enhance efficiency & accountability of public & private sector through "Procurement (Procedures & Contracting), Tenders, Bids & Contract Management"** becomes even more important. Considering the size of the country, the number of procurement entities as well as products / service categories, the task is highly onerous and challenges are multifarious. **India is therefore an important market for Multi-nationals & Foreign Companies looking to engage in new business and diversify into India's potential roadmap of 5 trillion markets for business.**

What does Contract Management Imply?

Every contract seems to provide adequate protection when it is negotiated and signed. However, during contract performance, disputes often arise between buying organizations and their suppliers. Not having a good contract management process in place has consequences to both the buying organization and the consuming departments. If no one is managing the performance of the contract, an organization is likely to fail to meet its goals that it had for the project associated with the contract. Such failures may include delayed timelines, cost overruns, and more.

In view of demand from potential organizations/delegates for this program and with a view to clarifying and discussing various important issues that will ensure maximum efficiency & economy in public & private purchasing and to share the best procurement practices and to discuss the critical procurement issues of today and future, **Indian Institute of Corporate Affairs (IICA)** is proposing to organize **National Capacity Building Program on “Procurement (Bidding Procedures based on GFR, GeM & E-Procurement) and Contract Management: Challenges in Implementation” through Intensive Webinar/Online Sessions**, to ensure that:-

- Participants will get the detailed picture of the business environment & policy support & become more aware of the benefits & be better prepared to face them.
- The program will help the participants understand intricacies of the procurement in **PSUs, Railways, Defence, Port Trusts & other Central & State Govt. Departments**.
- Identify & prevent common risks & inherent risks allocated between seller & purchaser & how these risks mitigated.
- Align understanding of the principles for writing contract language that is clear & ideally suited for international procurement situations.
- Understanding how the importance of contracts will differ among international suppliers and Improve risk management.

Other Benefits

- **The program focuses on how your organization can minimize its exposure to risk, reduce costs and the potential for disputes by discussing the key aspects of understanding, drafting and negotiating contracts of all types – works, goods and services.**
- The program features how to monitor & manage performance failures and provides tools, tips & techniques on effective resolution of disputes to minimize costs and reputational risk exposure to your organization
- Deliver Capacity building on Contracting Procedures and carrying out Procurement reviews and audit.

- Ensure maximum efficiency and economy as well as to maintain competitiveness and transparency through contract administration.
- Evaluate Supplier Performance, your requirements and the Market price and competition for Contract termination/renewal decision.
- Protect your company from undue price increases.
- Improve risk management.
- Map and improve processes.
- Facilitating pre & post contract management.

Learning Objectives

- The program helps you to align your procurement strategies with management expectations and to identify actionable points, which can have an immediate effect on improving the performance of the organization in the short term & are consistent with strategic imperatives in the long term.
- The program will help you in improving purchasing operations and suggest effective means for enhancing efficiency & transparency in procurement.
- The program will help you strengthen the performance of your vendor base by enabling them to acquire the skills and capacities to raise the product quality, on-time delivery, improve the working capital besides cost competitiveness.
- The program takes through various scientific methods of vendor rating & capability assessment in order to develop a healthy vendor base which will help you improve your working capital and lead time of your products.
- The program will help you in managing resources effectively, prioritizing work place demands whilst maintaining value for money concepts.
- The program will provide insights about latest developments in Government purchase policies & practices and help you understand various aspects of e-procurement & its underline benefits.
- The program will help the participants understand intricacies of procurement in PSUs, Railways, Defence and other Central & State Govt. Departments.
- The program will equip the participants with required competencies to carry out / supervise commercial / financial evaluations & have an insight on the technical bids.
- The program will provide insights to foresee risks and take informed decision on running high value contracts on a Value for Money (VFM) basis.
- How to Renegotiate Contract in changing scenarios.
- Ensure that Suppliers and / or contractors comply with obligations that have to be performed by them under the contract.
- Identify the document that becomes a legally enforceable part of a contract
- Identify and prevent common risks and inherent risks allocated between Seller and Purchaser and how these risks can be mitigated.
- Reduce the risk of delaying a project by using contract negotiations.
- Learn to write a contract's key legal provisions such as indemnities and limits of liability
- Learn to write a contract's key commercial provisions such as pricing and delivery
- Learn to write a contract's key technical provisions such as specifications and warranties
- Understand how the importance of contracts will differ among international suppliers
- Align understanding of the principles for writing contract language that is clear and ideally suited for international procurement situations

Program Highlights

The program on *“Procurement (Bidding Procedures based on GFR, GeM & E-Procurement) and Contract Management: Challenges in Implementation”* has been divided into 11 modules of 2.5 hours each over two weeks. This program can be conducted **Through - Intensive Webinar / Online Sessions.**

- Dedicated 11 online sessions.
- A certificate of Participation will be awarded to the participants after the successful completion of the program by IICA.

Program Learning Content / Coverage (Through - Intensive Webinar/Online Sessions)

Webinar (1) - 14 September, 2020

Timings	Sessions
10:30 am - 1:00 pm	Opening session – Setting the Context
	Introduction of GeM <ul style="list-style-type: none"> • What is GeM • Evolution of GeM • Benefits to Buyer • How to raise Incident • Buyer Ratings
	Break
	GeM Process Registration Process <ul style="list-style-type: none"> • Primary User Registration • Secondary User Registration • Buyer • Consignee • DDO/PAO
	Procurement Methods <ul style="list-style-type: none"> • Direct Purchase • L1 • BD/RA (Tender) • How to Award
	Creation of CRAC Payment Methods

Webinar (2) - 15 September, 2020

Timings	Sessions
10:30 am - 1:00 pm	Recap and Recall of Previous Webinars
	Overview of Public Procurement for enhancing transparency, efficiency & accountability in procurement process <ul style="list-style-type: none"> • Efficiency & Accountability in public procurement • Assessment of Procurement practices • Choice of bidding procedure – its role & importance • MAPS (Market, Applications, Patterns, Suspicious Behavior) Analysis for preventing & detecting collusions
	Break
	Present Regularly Framework for Public Procurement <ul style="list-style-type: none"> • CVC Guidelines • General Financial Rules (GFR) • Limitations of existing procurement procedures • Preventive Vigilance & Public Procurement

World Class Training

Program Facilitator

Mr. Rajesh Batra
Head-Centre for MSME
Indian Institute of Corporate Affairs
(Ministry of Corporate Affairs)

Rajesh Batra is currently responsible for several development activities through Capacity Building measures by taking serious initiatives in Entrepreneurship Education, Information, Research and Consultancy, Collaboration for Policy Facilitation, professional endeavors for institutional strengthening, Sector guidelines and advocacy to develop best practices for SMEs.

He has long experience of dealing with promotion, development and financing of Micro, Small and Medium Enterprises as well as Agriculture Rural Industries segments, SME competitiveness enhancement and institutional strengthening. Over the last 25 years, he has worked extensively in the Policy development work, Business Strategy, Project Management, Imports, Program management, Procurement & Logistics / Supply Chain Management (SCM) and Business development. He was appointed Sole Arbitrator under the Arbitration & Conciliation Act 1996 by the Chairman-cum- Managing Director of NSIC Limited for adjudication of disputes and differences between NSIC Ltd. and Private Business units. Besides, as a member of core team, he worked closely to lead / oversee the matters related with large scale implementation of Activity Plan / Programs including govt. grant monitoring and administration under the Centrally Sponsored large Schemes of Govt. of India.

Rajesh has done his masters in commerce and postgraduate management courses in the areas of Foreign Trade and Marketing. Currently, Rajesh is with Indian Institute of Corporate Affairs (IICA) as Head, Centre for MSME since 25th April 2014. He is working very closely with the industry and with different GOI offices at the Ministry level, State bodies, industry associations/chambers of commerce, entrepreneurship development institutes, SMEs, national and international supporting partners and banks/financial institutions to ensure capacity building at both ends: at the government level as well as at the industries. He gets invited to speak and chair sessions by organizations such as Ministry of MSME and its constituent institutions, Industry Associations and other leading Institutions as well as for select interaction meeting.

Before joining IICA - an autonomous institution under the Administrative Control of Ministry of Corporate Affairs, Government of India, he was working as Dy. General Manager with India's apex SME development organization - The National Small Industries Corporation Ltd. (NSIC) - The Premier Mini - Ratna Government of India Enterprise under Ministry of Micro, Small & Medium Enterprises.
