The Indian Institute of Corporate Affairs (IICA) has been established under the aegis of Ministry of Corporate Affairs (MCA), Government of India to act as a think tank and a centre of excellence to support the growth of the corporate sector in India through an integrated and multi-disciplinary approach. Since 2009, the IICA is supporting businesses to adopt responsible business practices in their operations.

Together with IICA, MCA has released the National Guidelines on Responsible Business Conduct (NGRBC) in 2018. The NGRBCs was formulated to further align the National Voluntary Guidelines on the Social, Environmental and Economic Responsibilities of Business (NVEGs) with the Sustainable Development Goals (SDGs) and the 'Respect' pillar of the United Nations Guiding Principle on Business and Human Rights.

In view of this, IICA is organising the pan India one day workshop to encourage businesses to integrate NGRBCs indicators while reporting the non-financial parameters; to analyse the current limitations and challenges faced; to discuss the need for adopting the NGRBCs in the business operation; and to identify partnerships and opportunities for further collaboration. We are pleased to invite you for one day workshop on Responsible Business Conduct in India.
