Participants of the Program (Registered with IDDB) would be offered credit in Annual report on Capacity Building of Independent Directors to be issued by IICA for the financial year.
Program Overview

The demand for dynamic, visionary & futuristic board members has increased substantially in India and so has the need for proper training to equip them to cope up with the rigorous competition. A Board which does not perform well and works with a lackadaisical attitude can translate into a liability for the company. Untrained directors expose the company to perils & risks which may lead to penalties as well as other negative consequences leading to loss of reputation of companies. In realization of this, IICA Familiarization Program for Independent Directors has been designed keeping in mind the unique training requirements and challenges of the changing times.
