**“Strengthening Governance, Regulatory and Compliance (GRC)
Management for Competitive Advantage”**

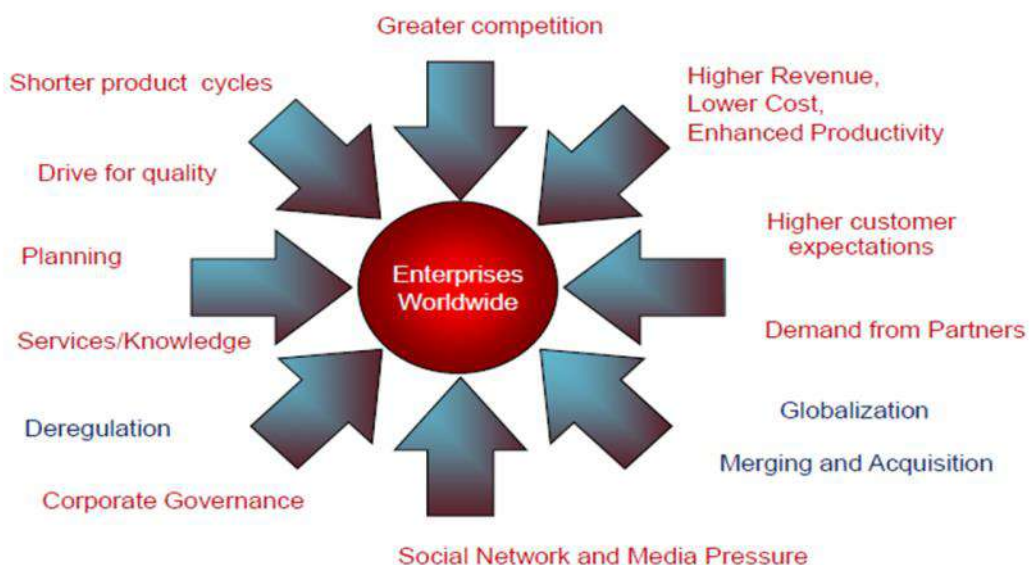

(28 February, 2024 - 01 March, 2024 at Hotel Grande Delmon, Goa)

Overview

India aims to become a USD 30 trillion economy by its 100th year of independence. In this context, NITI Aayog is working on a blueprint for achieving developed country status by 2047 & a vision document is being prepared for India to become a developed economy of about USD 30 trillion by 2047. The vision document will outline the institutional and structural changes/ reforms that will be needed for the country to become a developed nation by 2047.

India has continually demonstrated an ability to nurture its MSMEs into national & international corporations. The world's economy is increasingly becoming interconnected. The emergence of new business platforms and the openness of the economy have allowed MSMEs to become global companies. A great deal of this success can be attributed to the entrepreneurial ability of Indians, which is continually being demonstrated by Indian nationals and NRIs around the world.

Tough Challenges in Today's "Flat World"

Compliance Frameworks and Good Practices

In the current global business environment, compliance is an important element that MSMEs need to be responsive to. Supported by various legal frameworks, all businesses and MSMEs must comply with compliance standards. These compliances help in ensuring global competitiveness of the MSMEs, sustainability of operations and improving the global presence of the MSMEs.

It has been observed that the prime focus of the MSME owners / MSME Promoters is on the operations of the enterprise that help in building and enhancing the business, but the focus on governance is considered an unnecessary burden because owners of MSMEs are not aware about the benefits of good governance and its long term impact on the business and organizational life. The result is that many MSMEs succeed on the business front, but their sustainability is often vulnerable to poor governance. Therefore, it is necessary to develop enterprise that are not only durable on the business front but also succeed in terms of creating effective governance and compliance frameworks for all business operations.

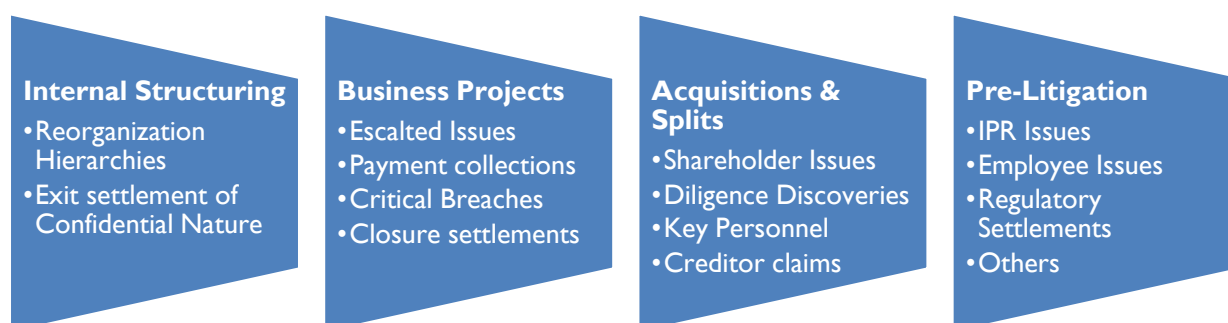

It is therefore, considered necessary to urgently address the specific requirements of micro, small and medium enterprises relating to Governance along-with the regulatory challenges impeding their growth and sustainability.

Action Plan for Compliance & Risk Management as part of Governance Framework for MSMEs

Sr. No.	Activities	Month No.					
		1	2	3	4	5	6
1.	Study establishing existing organisational commitments & capabilities						
2.	Assess existing compliance framework to identify gaps						
3.	Developing of roadmap for bridging the gap (gap analysis & risk management)						
4.	Designing, defining & establishing the compliance framework						
5.	Implementing the framework (communication of the compliance framework)						
6.	Evaluation, monitoring & reviewing the framework						
7.	Continual improvement of the framework						
8.	Motivational program						

MSMEs should fine tune internal business operations especially working capital management, regulatory risk and rationalizing the business and financial structure.

Activities & Issues

In fact, plenty of challenges and opportunities lie ahead, both in day-to-day operations and in the long-term. In order to maintain its competitive edge in the constantly changing global scenario, Business Leaders / MSMEs need to gear up and continuously introduce changes in controls, systems and procedures, within it-self. An intrinsically strong MSME is better equipped to withstand the challenges that it is constantly exposed to.

Factors affecting the overall functioning of MSMEs in India-

1. Expansion in the scope and characteristics of the Indian Market
2. Business Reforms – via reducing procedural complexities and digital governance
3. Changing outlook towards entrepreneurship
4. Technological advancements
5. International partnerships and engagements
6. Engaging E-Commerce into Ecosystems
7. Artificial Intelligence (AI) connects to Digital Marketing
8. Impressive growth, backed by robust demand from its large domestic markets.
9. Enabling regulatory regime and eased Foreign Direct Investment (FDI) norms.
10. The Evolution of Womenpreneur

With the Global Economy now showing positive signs of revival and the economic growth trajectory moving upwards, MSMEs owners / MSME Promoters need to keep their “Eyes and Ears” wide open. With fierce competition – both domestic and global – the only way ahead for Business Leaders / MSMEs is to innovate.

What impedes the growth?

Dynamic MSMEs are widely acknowledged as a key driver of sustainable and inclusive economic growth. However, the presence of dynamic future aligned MSMEs particularly women owned and led, is neither automatic nor assured and requires an enabling business environment, conducive policies and systematic capacity building efforts.

Information & Capabilities

- Lack of knowledge, marketing facilities and information about latest technologies
- Lack of innovation capabilities
- Lack of awareness about Government policies

Inadequate Industrial Infrastructure (Land, Electricity & Transport)

- Cost of Credit & Finance
- Technology
- Very low share of high-tech exports
- Marketing & Procurement
- Labour (Skill Development)

Policy & Regulation

- High regulatory compliance burden
- Lack of quality control standards
- Difficulties in exiting the market

What do we want to achieve?

- Enhance MSME contribution to GDP from about 38% to 50% and in exports from 49% to 60%.
- Generate employment levels, additional jobs in MSME sector in 5 years.
- Increasing share of MSME contribution across key public & private industry sectors
- Fulfilling increasing domestic demand, growth in exports, indigenization and import substitution

What have we achieved?

- Indian SME - 63.38 million enterprises
- Industrial output – 45%
- Exports – 48.5%
- Industrial units – 95%
- Employment – 110 million (4 times higher than large enterprise)
- Products – more than 8000
- Indian SME Market Value - \$ 5 billion

Today, businesses (big and small) across the globe are about seamless information exchange. The speed, content and integration are essential for any business to survive. Moreover, commerce is becoming borderless by the day and hence ICT applications catering to all areas of an enterprise are becoming increasingly indispensable, irrespective of the size of the enterprise. Digital transformation has created a level playing field for Indian SMEs to compete in the global market.

With India's Transition to Clean Mobility, Year 2023 witnessed green sectors like electric mobility, green hydrogen and solar power which has positioned India as a large market for renewables, coupled with a strategic and conducive business ecosystem.

As an outcome of Three-Day Capacity Building Program on “Strengthening Governance, Regulatory and Compliance (GRC) Management for Competitive Advantage”, the program aims to abreast participants representing MSME Promoters, National & International Organizations, Economic Development Corporations, Trade Promotion Organizations, Multilateral & Unilateral International Agencies, Department of Industries & Commerce, Investment Agencies, Chambers of Commerce & Industry, Banks & Financial Institutions to apply effective engagement techniques with MSMEs, existing & Prospective Entrepreneurs in areas like Perfecting the business plan and business verticals, preparedness and planning for improved control systems, Governance Overview and opportunities in Regulatory issues like Companies Act, 2013, Goods and Services Tax (GST), Resilient Supply Chain, Enterprise Risk Management (including latest Reforms and policy changes), raising equity capital, maximizing value & wealth creation.

Against this background, **Indian Institute of Corporate Affairs (setup by Ministry of Corporate Affairs, Govt. of India)** has designed a special purpose driven, cost-effective & short duration **Three-Day Capacity Building Program** on “Strengthening Governance, Regulatory and Compliance (GRC) Management for Competitive Advantage” scheduled during 28 February, 2024 - 01 March, 2024 at Hotel Grande Delmon, Goa.

The State Directorate of Industries / Industry Department, Govt. of Himachal Pradesh and Government of Arunachal Pradesh, Directorate of Industries & Commerce, Bangalore (Karnataka), Directorate of Industries, Bhopal (Madhya Pradesh), Assam Industrial Development Corporation Limited, Department of Industries & Commerce, Chennai (Tamil Nadu) have appreciated the said program time to time for capacity building of their Nodal officers from the level of Deputy Directors, Joint Directors, Directors and General Managers of District Industries Centers to equip them to further educate and support MSMEs to identify applicable statutes that MSMEs have to abide as per the nature of their business and sensitize them about the compliances relating to licenses, approvals, returns records / registers, statutory dues and other compliances.

GIZ in partnership with Indian Institute of Corporate Affairs has organized the said program on “Strengthening Governance, Regulatory and Compliance (GRC) Management for Revitalizing MSMEs” to strengthen the secretariat operational capacity of Business Membership Organization (BMOs) that is Chamber of Commerce & Industry/Industry Associations.

Besides, other prominent organizations like Tamil Coir Business Development Corporation (TANCOIR), Ministry of MSME, Indian Navy, Bharat Coking Coal Limited, Reserve Bank of India (RBI)-Goa, Small Industries Development Bank of India (SIDBI), Axis Bank, MSME Development and Facilitation Office (MSME-DFO), Western Coalfields Limited, Khadi & Village Industries Commission (KVIC), IDBI Bank Limited (Associate Partner), Dun & Bradstreet Information Services India Pvt. Ltd. (Knowledge Partner), Brown Packaging System Pvt. Ltd., World Trade Center-Mumbai, Alccotech Building Materials Pvt. Ltd., have attended the intensive learning on Governance, Regulatory & Compliance Management for Competitive Advantage.

Approach

- Indian Institute of Corporate Affairs has been designed with a vision of providing a platform for dialogue, interaction and partnership between governments, corporate, investors, civil society, professionals, academicians and other stake holders in the emerging 21st century environment.
- IICA endeavours to actively participate in processes and activities that seek to harmonize activities and resources of Government, helping and supporting the Enterprises at National & International level.
- The program initiative at IICA, as a multi-stakeholder approach, endeavours to trigger a strategy for a new wave of MSMEs leveraging the benefits of the entrepreneurial conducive ecosystem for India's growth.
- Our role in shaping the Corporate Governance landscape & fostering stakeholder collaboration contributes to a vibrant business ecosystem.

Objectives

- **The capacity building programme will help the Business Leaders / MSMEs to set in place their Business - Governance, Regulatory and Compliance (GRC) functions, to allow them to be compliant and gain insights about the business.**
- This program will also equip the MSME owners / MSME Promoters with broad understanding about dealing with issues & challenges related to Goods & Services Tax law as well as about the major issues of concerns & challenges having direct impact on MSMEs.
- Keeping in view the lack of sufficient focus on the statutory & legal compliance that are mandatory, the proposed Capacity Building Program will create awareness about the Compliance Management' and the process to track them on regular basis.
- Business Leader's focus on Good Governance & Compliance Management Framework will inspire and strengthen the investor's confidence by ensuring the company's long-term commitment to higher growth and profits.

- **This training will enable participating companies to :**
 - a) **Implement high-functioning compliance management systems tailored to their needs and profile.**
 - b) **Inculcates a culture of compliance throughout the MSME organization which in turn can be a business enhancer offering positive benefits to business.**
 - c) **Provides small to large enterprises with a competitive advantage by enabling them to detect any violation at an early stage and take corrective measures to their advantage.**
 - d) **Obviates or reduces the costs and negative effects of litigation and regulatory intervention**
- Improved managerial processes in Commerce & Industry Departments / Industry Associations / Chamber of Commerce & Industry / Trade Bodies, State owned support agencies such as State Directorate of Industries, MSME – Development Institutes (DIs) for MSMEs, Banks/ Fin-tech companies / NBFCs, Economic Development Corporations as well as promote local industry and improve MSMEs access to public procurement etc.
- The programme would enable MSME owners / MSME Promoters for better approaches & decisions, improved resources utilizations, reduce financial operational & strategic risks associated with products/services at the beginning of the process.
- Understanding of innovative methodologies for business aspect from Finance, Operation, Marketing through interactive sessions with subject experts and access and utilize these resources will equip participants to create the blueprint of their business.
- **This Program would enable MSME owners / MSME Promoters fine tune internal business operations especially working capital management, regulatory risk and rationalizing the business and financial structure.**
- **Business & Industry leaders from participating organizations will get the detailed picture of business environment and policy supports and become more aware of the challenges and be better prepared to face them.**
- Promote adaptation of Quality tools/systems for manufacturing of quality products.
- Encourage MSMEs to constantly upgrade their quality standards in products and processes.
- MSME owners / MSME Promoters will be able to ensure Compliances to all Internal, Regulatory and Statutory norms
- **MSME owners will develop a set of long-term goals for where they want their businesses to end up and how they picture getting there. This strategic governance & compliance framework serves to provide structure to this type of long-term planning by focusing on key elements like vision, mission, time frame and objectives. The handholding shall be aligned to the MSME's long term vision.**
- Gap analysis & Handholding for improving rating of MSMEs.
- Networking opportunities for small business owners to expand their networks. connecting with vendors, lenders, and other key stakeholders that are critical for business success.
- Exposure to latest developments in MSMEs banking and within markets regionally and nationally
- Comprehensive information about the Govt. Policies, Ease of Doing Business initiatives, loans, grants, waivers and more.
- Enable participants to plan **proactive strategies to identify & mitigate the potential risks** to the business

Thanking Our Eminent Speakers & Delegates for the Grand Success of National Capacity Building Program - “Accelerate SMEs Business Transformation through Effective Governance, Regulatory and Compliance (GRC) Management (including Roadmap for MSMEs Output Growth)” (1st Edition)

The Centre for MSME, IICA in partnership with GIZ GmbH has successfully conducted the first series of the three day National Capacity Building Program - “Accelerate SMEs Business Transformation through Effective Governance, Regulatory and Compliance (GRC) Management (including Roadmap for MSMEs Output Growth)” during 17-19 December, 2019 at IICA Campus, IMT Manesar, Gurugram.

The aforesaid capacity building program is being organised under the German Bilateral Development Cooperation Project on “Programme for Modernisation and Innovation Promotion in Micro, Small, and Medium-sized Enterprises in India (MSME INNO)” witnessed engaged participation from 35 industry leaders representing major industry associations / chambers.

This capacity building initiative was organized with the objective to improve the MSME innovation ecosystem. The objective is to build the capacity at grass root level and equip BMO Managers to effectively take up operational roles towards sustainable growth of BMOs (industry associations / chambers) and also managing various activities like events, information dissemination, government advocacy etc. for promoting interest of MSME members.

The GIZ “Programme for Modernisation and Innovation in Indian MSMEs” (MSME INNO), on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ), is supporting the Ministry of Micro, Small and Medium Enterprises (MoMSME) in strengthening the MSME ecosystem through promoting collaboration between the stakeholders.

Business Membership Organisations (BMOs) i.e. Industry Associations and Chambers serve as a critical link between entrepreneurs, government and other stakeholders and service providers. However, the universe of BMOs in India is huge, and they vary a lot in terms of their competency and outreach. Hence, the BMOs should be abreast with effective engagement techniques with MSMEs. They play a crucial role in terms of serving as a critical link between various stakeholders, defining the problems and implementation of solutions in MSMEs.

Major Industry associations / Chambers:-

- Federation of Industrial & Commercial Organization (FICO)
- Chamber of Industrial & Commercial Undertakings (CICU)
- Mohali Industry Association
- Industrial Estate Association
- Associations of Women Entrepreneurs of Karnataka (AWAKE)
