Presents

Three Days Residential Capacity Building & Certification Programme

ESG for Board Members

Jan. 30 – Feb. 01, 2025

United Nations Building, Bangkok, Thailand

The Genesis

The Indian Institute of Corporate Affairs (IICA) is an autonomous institute under the Ministry of Corporate Affairs, Govt. of India, supporting corporate growth, reforms, and regulation through synergized knowledge management, global partnerships and real-time solutions. The School of Business Environment (SBE), a specialized vertical of IICA has been pioneering the promotion of the Responsible Business Conduct in the country including the allied areas like Environmental-Social-Governance (ESG), Corporate Social Responsibility (CSR), Business and Human Rights (BHR), Business & Biodiversity Conservations, Responsible Trade and Sustainable Finance. The SBE-IICA proactively involves itself in policy advocacy, capacity building and research initiatives.

As it has now become imperative for businesses to adhere to ESG frameworks, Board Members particularly need to enhance their knowledge to adopt ESG into the core of their business and to dwell on appropriate strategies aligned with global expectations from Investors and other stakeholders. The persisting Climate crisis has further revitalized the role of the Board in shaping the new Sustainable Business Models to secure continuous value creation. During this transformative phase, business leaders need to understand the nuances of available frameworks and best practices in the world.

SBE-IICA offers six months Certified ESG Professional (Impact Leader) Programme to create a cadre of Environmental-Social-Governance (ESG) professionals in the country. Based on the recommendations of the High level Advisory Committee, this short-term, power-packed, separate ESG training and certification programmes has now been launched specifically designed for the Members of Board.
