IICA Director's Certification: Master Class

The key to better corporate governance lies in the working relationships between boards and managers, in the social dynamics of board interaction, and in the competence, integrity, and constructive involvement of individual directors. While the Companies Act 2013 and SEBI Regulatory framework make efforts to encourage adoption of best practices, many of these aspects cannot be legislated. Through a mix of energizing keynotes and panels, interactive breakouts, and case study exercises; this workshop led by experts from the IICA and Industry- is designed to help participants gain actionable best practices and guidance to make an immediate impact in their boardrooms.

The Indian Institute of Corporate Affairs

The Indian Institute of Corporate Affairs (IICA) has been established by the Ministry of Corporate Affairs (MCA), Government of India to act as a **think-tank** and a centre of excellence to support the growth of the corporate sector in India through an integrated and multi-disciplinary approach. IICA fulfils the training needs of officers of various administrative cadres including the Indian Corporate Law service and officials working across various ministries in government of India. As an MCA think-tank, IICA continues to successfully cater to the needs of large number of CPSE's and private sector companies including MNC's. The institute has experience training professionals ranging from Board Directors to middle and operational level executives. The expertise of the institute continues to be utilized by corporate India on various issues related to Corporate Affairs and Governance, E-Governance, Corporate Finance, Management, Strategy and Leadership, among others.
