

Term of Reference for the Impact Assessment Study- RITES Limited, Mewat, Haryana

Program being implemented	Girl's Hostel by RITES Limited
Project Location:	Mewat, Haryana
Thematic Areas for Study:	Education
Objectives of the impact assessment study:	<ul style="list-style-type: none">● Evaluate whether the programme has achieved the desired level of coverage and impact on the beneficiaries/local people.● Assess if the programme objectives, results and outcomes are being met and achieved to the fullest.● Undertake field research and data collection with diverse stakeholder groups with the aid of data collection tools.● Identify the gaps and challenges by obtaining information regarding the levels of availability and accessibility to basic services and facilities in and around the villages for the locals.

Scope of work for the Field Investigators

For the purpose of the primary study in assessing the impact made by the construction of the girl's hostel in the region, **4 field investigators** (preferably women) are required for a period of **4 days**. The investigator would be interested in conducting: Infrastructure check, Key Informant Interviews (KII), Focused Group Discussions (FGDs).

Each field investigator will be provided with a **1500 INR** per day inclusive of food and travel expenses. The investigators will also get certificate of internship from Indian Institute of Corporate Affairs.

The following methods will be used for the purpose of data collection:

S. No	Methods
1	Direct Observation and Physical Verification -Visits to Hotel
2	Key Informant Interviews (KII) and Records from various stakeholders – with open-ended questions for Key officials of hostels, hostel residents and other relating beneficiaries
3	Focus Group Discussion with the hostel residents

Duration and Timeline

The Field Investigators are expected to complete the data collection process within 4 days.

Quality assurance & Monitoring:

The Project Managers and other designated members from NFCSR will supervise the field visits to ensure quality of data through back checks and spot checks. The study tools would be so constructed by NFCSR in such a way that there would be an internal check on erroneous data.

Once selected, NFCSR will train the students with respect to carrying out the data collection process.

Interested candidates are requested to share their CVs with the subject line “ Application for Impact Assessment Study – Rites MEWAR project” at nfcsr@iica.in
