## BRIEF REPORT

### Five-Day Familiarization Capacity Building Programme

on

### “Public Procurement (Policy and Procedures)”

***Endorsed by the Department of Expenditure, Government of India***

**Dates:** 19 - 23 January 2026

**Venue:** Hotel Grande Delmon, Goa

**Organized by:** Indian Institute of Corporate Affairs (IICA), Ministry of Corporate Affairs, Govt. of India

---

In the backdrop of India’s expanding market size, strengthening manufacturing capabilities and the national aspiration of achieving *Viksit Bharat @2047*, public procurement assumes a critical role as a strategic instrument of governance, economic growth and industrial development. Recognizing the increasing complexity, regulatory evolution and strategic importance of procurement, the Indian Institute of Corporate Affairs (IICA), through its Centre for MSME, organized a **Five-Day Familiarization Capacity Building Programme on “Public Procurement (Policy and Procedures)”** from **19 to 23 January 2026** at Goa.

The programme was conducted under the aegis of the Ministry of Corporate Affairs and was formally **endorsed by the Department of Expenditure (DoE), Government of India**, reinforcing its relevance, credibility and alignment with national procurement reforms.

The programme was designed to:

- Strengthen conceptual clarity and practical understanding of public procurement policies, procedures and regulatory frameworks.
- Enhance institutional capacity for transparent, efficient and value-driven procurement of goods, works and services.
- Build competencies in procurement planning, tendering, bid evaluation, contract management and risk mitigation.
- Promote compliance with evolving Government of India procurement policies, including Make in India (MII), Public Procurement (Preference to Make in India) Order, MSE procurement policy and GeM guidelines.
- Enable participants to manage procurement as a strategic function contributing to efficiency, accountability and fiscal prudence.

The programme witnessed active and engaged participation from officers and professionals representing a diverse cross-section of **Central Government Ministries, Autonomous Bodies, Public Sector Undertakings (PSUs), Financial Institutions, Academic Institutions and Statutory Bodies**. Key participating organizations included:

Ministry of Mines	Ministry of Science and Technology
Ministry of Defence	Ministry of Youth Affairs & Sports
Ministry of Consumer Affairs, Food & Public Distribution	Ministry of Health and Family Welfare
Ministry of Housing and Urban Affairs	National Highways Authority of India
Oil Industry Development Board (OIDB)	Indian Council of Medical Research
National Statistical Systems Academy (NSSTA)	IIT Kanpur
Bank Note Paper Mill India Private Ltd.	Steel Authority of India Limited
Hindustan Petroleum Corporation Limited	Bharat Petroleum Corporation Limited
Numaligarh Refinery Ltd.	UCO Bank
Bank of India	

The diversity of participants enabled rich peer learning, cross-sectoral perspectives, and constructive deliberations

The sessions comprehensively covered the end-to-end public procurement lifecycle with emphasis on both policy and practice. Key thematic areas included:

Public Procurement Landscape in India	Regulatory Framework and E-Procurement
e-Procurement: Systemic shift (CPP Portal, GeM)	Procurement from MSE Vendors & Startups under policies like the Public Procurement Policy for MSEs, National Security, Make in India (MII) Order, which support the Atmanirbhar Bharat Abhiyan initiative
Advanced Bid & Tendering Procedures	Tender Opening, Evaluation & Award
Execution of Contracts (Goods & Works)	Handling Complex and EPC Contracts
Vendor Registration, Evaluation, and Performance / Supply Chain Risk Assessment and Mitigation Plan	Procurement of Services
Deep Dive - Government e-Marketplace (GeM)	Contract Performance and Closure

Special emphasis was placed on **risk management in public procurement**, understanding contracts as **risk allocation mechanisms** and ensuring value for money while maintaining transparency and accountability.

The programme adopted an interactive and practice-oriented pedagogy comprising:

- Expert-led classroom sessions
- Case studies and real-life procurement scenarios
- Structured presentations and guided discussions
- Question-and-answer sessions and peer interactions

Participants were provided with comprehensive reference materials and presentations to facilitate post-programme application and institutional learning.

The programme was delivered by a blend of experienced in-house and external subject matter experts, including:

- **Sh. Rajesh Batra** – Programme Director and Faculty, Head – Centre for MSME, IICA
- **Sh. D. P. Sen** – Faculty
- **Sh. Ritesh Singh** – Faculty
- **Sh. Chittaranjan Samantray** – Faculty
- **Sh. Sudesh Kumar** – Department of Expenditure, Government of India

### **Programme Highlights**

This programme reaffirmed IICA's role as a national capacity-building institution supporting governance reforms, procurement excellence and MSME-inclusive growth.

- High levels of participant engagement through focused discussions and analytical questioning.
- Practical insights drawn from case studies and real-world procurement challenges.
- Enhanced understanding of policy intent, compliance requirements, and operational best practices.
- Strong emphasis on integrity, transparency, and accountability in procurement decision-making.
- Development of a collaborative learning environment fostering professional networking and institutional bonding.

The programme commenced on **19th January 2026** with a welcome address by **Sh. Rajesh Batra**, Head – Centre for MSME, IICA followed by a technical session on **“Risk Management in Public Procurement and Contracts as Risk Allocation Mechanisms.”**

The programme concluded on **23rd January 2026** with a valedictory address by **Sh. Rajesh Batra**, wherein key learnings were summarized and participants were encouraged to translate insights into organizational practice.

Participants expressed strong appreciation for the programme structure, depth of content, expertise of resource persons, and the practical orientation of sessions. The programme successfully met its objectives of strengthening procurement capabilities, enhancing policy comprehension, and promoting best practices in public procurement.
