The programme was designed to provide an overview of Corporate Governance regulations in the Companies Act 2013 and SEBI’s guidelines on the same. It focussed on broad issues and how several stakeholders are impacted by the rules. A total of eight sessions covered the most pertinent areas under corporate governance such as Modern Corporation, Governance Structure, Internal Control & Risk Management, Global Best Practices in Corporate Governance, Independent Directors: Roles & Responsibilities, Building Ethical & Responsible Corporation along with case study. Most of the participants in the programme were senior level officials from the Ministry. The participants appreciated the programme content and training topics. All the participants received certification of completion for the training programme.
