

## **Post Graduate Insolvency Programme Common Entrance Test 2024**

**Post Graduate Insolvency Programme Common Entrance Test 2024 (GIP CET)** shall be conducted by an online mode where the paper will have 100 questions from eight areas - Ethics, Domain Knowledge (Descriptive), Legal Aptitude, Financial Aptitude, General Knowledge & Current Affairs, Elementary Mathematics (Numerical Ability), Logical Reasoning and General English.

Scope and coverage of questions under different subject areas:

1. **Ethics:** Ethics will test the candidates' ethical behaviour. It will test how they address conflict of interest and ethical dilemmas. It shall further assess them on their understanding of personal ethics and organisational ethics.
2. **Domain Knowledge (Descriptive) :** While the candidates' will not be tested on the in-depth provisions of insolvency law, they will be asked general questions on insolvency and its ecosystem.
3. **Legal Aptitude:** This section will test candidates' interest towards the study of law, research aptitude and problem-solving ability. The candidates' ability to apply legal mind into real life situations will also be tested. General principles of the Constitution of India, securities, contract, companies, property and other laws will be tested.
4. **Financial Aptitude:** This section will test the candidates' basic understanding of the economy, financial markets, finance, accounting, audit, and taxation.
5. **General Knowledge and Current Affairs:** General knowledge will be tested on general awareness including static general knowledge. This section will test the understanding of candidates' general awareness on national as well as international affairs.
6. **Mathematics:** This section will test the candidates' knowledge on elementary mathematics, i.e. Maths taught up to 10th Class/standard.
7. **Logical Reasoning:** This section will test the candidates' ability to identify patterns, logical links and rectify illogical arguments. It may include a variety of logical reasoning questions such as syllogisms, logical sequences, analogies, series, coding-decoding, directions etc. This does not include testing of visual reasoning.
8. **English including comprehension:** The English section will test the candidates' proficiency in English, based on comprehension passages and grammar. In the comprehension section, candidates will be questioned on their understanding of the passage and its central theme, meanings of words used therein, etc. The grammar section will require correction of incorrect grammatical sentences, filling of blanks in sentences with appropriate words, etc.
